

REMARKS

Claims 3 through 6 and 8 of the substitute specification are canceled without prejudice while Claims 1, 2, 7 and 9 are amended to conform to like changes made during examination of German patent application 103 60 963.6 from which the present application claims Convention priority.

Corresponding changes were made to the claims of International application PCT/EP2004/013446 under Article 19 PCT on May 10, 2005.

No new matter is added by the changes made herein.

Respectfully submitted,
